

RED RIVER WATERSHED WATER QUALITY REPORTING HANDBOOK

**Protocols for Project Planning, Data
Management, and Data Analysis**

Red Lake Watershed District

First Edition

December 2005

Protocols for Water Quality Data Management and Analysis

First Edition

Written for the use of the Red Lake Watershed District and other local water quality monitoring programs throughout the Red River Watershed and beyond.

Written By: Corey Hanson, RLWD Water Quality Coordinator

Reviewed By:

James Blix of the Red Lake Watershed District,
Wayne Goeken and Danni Halvorson of the Red River Watershed Management Board,
Bruce Paakh and Pat Taskfield of the Minnesota Pollution Control Agency

First Edition Completion Date: December 6, 2005

The creation of this document was funded by a Minnesota Board of Water and Soil Resources Challenge Grant and the Red Lake Watershed District as part of the Red River Watershed Assessment Protocol Project (RLWD project number 46P). This project was initiated by Ryan Odenbach (RLWD Water Quality Coordinator from March 1998 to June 2002).

Copies of this document are available at the Red Lake Watershed District Office and online at the RLWD webpage for projects and reports:
<http://www.redlakewatershed.org/projects.html>.

To receive a copy by mail, please contact the Red Lake Watershed District.
